

During the COVID-19 global pandemic, our office remains closed due to state regulations. If you have a dental emergency or crisis please call the office, or contact us via our website so we can make arrangements to care for you. <https://www.lake-dental.com/contact-us/>

We are sorry that we have to delay regularly scheduled dental appointments but it is for your safety and the safety of our team. During this period please practice regular dental hygiene. Brush your teeth, floss and use a rinse regularly. Practice good hygiene such as hand washing, disinfecting hard surfaces in your home, or workplace and practice social distancing. If you have any [symptoms of COVID-19](#) contact your physician.

We wish all of our patient's good health and safety during this time. We are keeping you and your families in our thoughts and prayers.
